# AVISTA®

## CASE STUDY

# SET ME FREE SPA MOOROOLBARK VIC

### SECTOR

Commercial

### APPLICATOR

Spray Pave Melbourne

### DATE

September 2019

### PRODUCTS

- Dulux Avista Waterbased Epoxy (In store tint – Endless Grey)
- Dulux Avista Natural Stone Look Flakes
- Dulux Avista 2 Pack Urethane Sealer

### THE PROJECT

Set Me Free Spa were undertaking renovations of their store to modernise the space. They decided as part of the renovations to upgrade the floor from polished concrete to something that was stylish, but also suitable for a commercial setting.

### THE SOLUTION

The Dulux Avista Internal Flake Flooring System using Dulux Avista Natural Stone Look Flakes gave Set Me Free Spa the perfect blend between style and durability. The Dulux Avista Internal Flooring Waterbased Epoxy provides a durable, low sheen, coloured base. The Natural Stone Look Flakes used on top create a premium and modern look that is slip resistant, and easy to clean. The Dulux Avista 2 Pack Urethane Sealer created a hard wearing, non-yellowing coating. It offers good solvent and chemical resistance for any spills that may occur.

### BENEFITS

- The Dulux Avista Waterbased Epoxy can be tinted in store to a range of Dulux Avista colours as well as any Dulux colour with a white base (Note: for Dulux colours, due to the white base the resulting colour will always be a few shades lighter than it appears on a Dulux colour card or sample)
- The Dulux Avista Waterbased Epoxy has a quick drying time (4-6 hours), meaning that the store was able to finish the project and re-commence trading quicker
- The Dulux Avista Natural Stone Look Flake comes in a range of colours to suit all styles and projects
- Dulux Avista 2 Pack Urethane is a hard wearing sealer, ideal for high traffic areas such as corridors or foyers

Before

After – Dulux Avista Natural Stone Look Flakes in Night Fall with Endless Grey base
